Second Republic - Registration-labels - printing varieties

485		Mixed strip of four registration-labels ; 952, 953 from 8430 Leibnitz, 954, 955 from 1090 Wien. This happens when the printer finishes the Leibnitz roll, winds the machine back a bit, enters the Wien text and tests. He then starts the Wien roll properly at 001, and the test material should have been destroyed.	20
486		Mixed strip of four registration-labels ; 952, 953 from 4731 Prambachkirchen, 954, 955 from 8931 Grossreifling. See last lot for explanation.	20
487		Mis-cut registration-labels . Strip of three labels for Feldbach badly guillotined to remove lower part of labels.	36
488		Mis-cut registration-labels . Strip of three labels for Frohenleiten badly guillotined to remove upper part of labels.	24
489		Registration-label error . Serial-numbers out of line with frames for strip of three from Gröbming. Printer's waste which should have been destroyed.	24
490		Blank registration-labels . Strip of four with only the serial-numbers. These were supplied to post-offices that had run out of printed labels, and the office had to use a rubber-stamp or manuscript for the rest of the text.	10
491		Registration-label error . Unperforated strip of four labels printed only with the serial-numbers. Printer's waste which should have been destroyed.	24
492		Registration-label error . Pair of labels for Grossreifling printed without the serial-numbers.	24
