## AUCTION 137 – A FEW HIGHLIGHTS!

Chosen at random, not just the ‘posh’ items! Note that all these and many others are available in glorious colour on the website. (Not always so glorious – the scanner’s ‘lens’, my eye and the screen’s image seldom agree. Old documents and cards seem always to exaggerate reddish hues and my attempts to ‘correct’ this often make matters worse. I did my best...). You don’t have a computer or even a smartphone? Hobble off to the library or an internet café, or get a neighbour or friend to assist! After all, if HMG, your friendly Council, and many businesses just ‘deem’ you to have & use a computer, then I’m afraid you will have problems!
