Dear M

EXCHANGE PACKET APPLICATION

Please fill in this form and return to the Packet Secretary at the earliest opportunity! **PLEASE PRINT CLEARLY!**

Name:-.....

Address:.....
.....
.....

Postcode:-.....Telephone: (day).....(evenings).....

e-mail address:-.....

I MUST have a telephone number or e-mail address (preferably both) so I can get hold of you in a hurry if there is a major problem. (fortunately, this happens very infrequently!). It is also helpful to include this information with the list so members can check ahead before posting on, especially at Xmas and holiday times. Please underline the phone number you prefer to use for this purpose. If you are NOT willing to share this information with Members, tick here!

Please confirm that you are a fully paid up member of the Austrian Philatelic Society Yes / No

Please confirm that you have received, read & retained a copy of the rules (and will obey them!!) Yes / No

Please give below two references to facilitate tracking down packets if you move house, are rushed into hospital, go on a world cruise, or emigrate without informing me. It does happen, believe me!! The contact details of a close relative will suffice.

First Reference

Second (Philatelic) Reference (Stamp dealer or Auctioneer or APS Member or similar):-.....
.....

*Please note that I can only circulate material that I have received to sell. If you only want to see something obscure, you won't get many packets! Also note that circulation lists are limited normally to around 20 members. This means that, all things being equal, you may well only receive one packet in three or four. So it makes sense to concentrate on things you definitely do want to see rather than just chance to pot luck! Note that the 'ONLY' column is designed for those who specialise in a clearly defined field. You can indicate no more than three categories as ONLY! Note also (obviously?) that if you indicate you ONLY want to see (say) TPO markings, there will certainly be TPO markings in the packet I despatch to you but there will also be other material as well in the same packet. And I can't *guarantee* that someone ahead of you in the list won't buy all the material you are interested in. By the same token, if you indicate you are NOT interested in (say) TPO markings, you will have to put a brave face on it if there are some in a packet you receive!*

There will be two 'primary' circuits. Tick which you wish to receive.

STAMPS Circuit only: POSTAL HISTORY Circuit only: BOTH Circuits:

Please indicate below what material you would like to receive in the Packet.

KEY: YES = Interested in this material.

NOT = Not interested in this material. Blanks will be interpreted as "NOT"!

ONLY = **Only** want to receive packets including this material. NOT MORE THAN THREE!
